# CORE FUNCTION

## Easy to maintenance & clean

Dry and wet dual effect deep purification + Rapid purification

Wireless water level sensing + Larger water tank

### Elevated water tank

Increased water capacity, say goodbye to frequent refilling, stay up all night without disturbing sleep, use more worry free

### Extended filter element

Effectively extending the height of HEPA filter, increasing the inlet air volume and purification area, and improving purification efficiency

### First hydrated negative oxygen ion technology

Enjoy the healthy breath of the alpine forest every moment
